**Items left in the box after the deadline will not be collected or included in the News**

Articles, adverts, etc may also be sent by email to:

[newswindellama@gmail.com](mailto:newswindellama@gmail.com)

**Adverts sent by email will not be inserted unless payment is received by the deadline.**

## Our Policy on Receipts

The Windellama News makes out a receipt for all advertising payments made to the paper. We don't post out receipts to save cost and we assume that the appearance of the advertisement in the paper could normally be taken as proof of payment. If you require a posted receipt please include a stamped self-addressed envelope with your payment.

It would be greatly appreciated if anyone sending money to the Windellama News would include their name and address and a note saying what it was for and put it in a sealed envelope. This would avoid a lot of confusion and uncertainty .

## Bungonia War Memorial Opening 12 November 2023

In 1914 Laurence Binyon named "for the fallen". we recite only the 3rd and 4th stanza of that poem in our "ode of remembrance." Which is said at all anzac day and other services here in australia. our response – " we will remember them – lest we forget."

Years from now, our following generations may not remember them and think that these war memorials were something only belonging to people of an earlier time.

I believe it is 'our job' to make sure that doesn't happen and the freedom we share in Australia is due to those wonderful men and women who participated in the protection of our country in those dire years of war.

So here today at Bungonia we see the result of our community effort in restoring our war memorial. I wish to give thanks to those who donated towards the cost of the restoration work. - the very generous Goulburn Soldiers Club, the board members represented today by directors Peter Sinclair and Geoff Evans, also their efficient staff. The New South Wales Community Memorials grants ; the Department of Veterans affairs 'Saluting Their Services': Phillip and Diane Broadhead: Greg and Margaret Sullivan: John and Anne Wiggan: Moira Mcginity: John and Kim Mottley :Gary and Leanne Lourigan on behalf of the Windellema Progress Association : Darryl and Gwenneth Joubert.

Contributing to the detailed research and the funding of the printed biographies of all those named on the memorial are - Gretel Ayre: Moira Mcginity : Diana Moran: Pauline Savage and the Veolia Grant.

*WM Bungonia opening Donors cutting ribbon 2023 Di Moran Pic.*

*John Mottley stonemason and Kim WM Donor*

A very special welcome to Mr Atacan Doruk Kilic, representing the Turkish ambassador and the embassy. Also Mr Peter Armstrong - to note that the name of Reginald Armstrong is now at last on the Bungonia memorial. Also present today is the team from International Conservation Services for their condition assessment of the memorial represented by Nicola Ashurst.

I thank the following for their great support and hard work which is much appreciated - the Bungonia park land managers and secretary Anne Wiggan : the Bungonia and District Historical Society: the Bungonia Progress Association and especially the fine restoration work by John Mottley of 'stone profile' and our supporters at the Goulburn RSL, Goulburn Mulwaree Council and the MW State Government local member.

Greg Sullivan - 2/17TH Battalion A.I.F. Association

## NSW RURAL FIRE SERVICE

### Windellama Rural Fire Brigade

In an emergency or if you see an unattended fire **call Triple Zero (000)**

#### Don't Be The Fire Risk To Your Community

Warmer weather has arrived and with the amount of growth in the grasslands, it can take just a few days of hot and windy weather for bad fire conditions to emerge. To light a fire in the open, other than a campfire or cooking fire, you **must** have a Fire Permit by contacting our local **NSW RFS Fire Control Centre on 6226 3100**. A permit is **not automatic and, in many cases, one will not be issued**. Factors considered include your preparation, topography, availability of firefighting equipment and the potential to wait until after the Fire Danger Period.

Substantial fines and prison terms of up to 24 months may apply to persons found to be in breach of the Rural Fires Act 1997 and its Regulations as well as potential civil action should your fire destroy the property of others.

#### Spotted smoke or a fire?

If you see smoke or a fire unattended by the RFS **call Triple Zero (000)** The sooner we get called the greater chance we have of preventing the fire causing significant damage. Accurate location is also very important so, if possible, please take the time to get and provide an accurate location. The nearest address or landmark can help us locate the fire if there is not a lot of smoke. If the fire is on your property having someone on the front gate to guide our tankers in will save valuable time.

#### Brigade activity

4 units attended a bushfire on Williams Drive with assistance from Tarago Brigade  
3 units attended a grassfire on Windellama rd started by a lightning strike  
1 member was 2IC for a Southern NSW Strike Team to Tenterfield fires

#### Christmas Markets – Windellama Hall

Watch out for Santa who has booked a lift with one of our fire tankers to get to the 18 December Windellama Markets.

## October 2023 Rainfall at our place

For October we received an extra spit of 1mm to give us a total of 31.50mm for this month. Total rainfall for the year so far is 425.05mm. Last year at the same time we received 989.50mm.

## November 2023 Rainfall at our place

Once again decent rain needed has been in very short supply this month. So far we have received 11.5mm made up of a few small showers, couple of spits and some morning dews.

## In our garden

We have made the decision to reduce planting in our garden and just mulch all garden beds. The obvious reason is due to a lack of long term moisture from above and also, due to our dam being so low.

I have had trouble with seeds germinating. For instance, I sowed Tomato seeds at the end of August and early September with only a couple germinating. Lettuce seeds have been the same with only a couple germinating. Other seeds have also performed in the same manner up to a couple of weeks ago. Imagine my surprise when early tomato seeds planted, started to grow, as did pumpkin, zucchini,

etc., but not lettuce. So the question is, was it caused by old seed? No! Because all seed was purchased this year and I have to take the supplier's word that it is fresh! **Or** was it due to the inconsistencies with the weather? However, what ever the reason was, I now have plenty of seedlings. Some have been planted in larger pots but the rest? I'm undecided.

In my haste to have early tomatoes I purchased 5 seedlings. These 5 plants were planted in my 20 litre wicking buckets. All of these have flowers, with marble size fruit on one plant. Maybe, home grown tomatoes for Christmas.

White Fly has invaded our grow tunnel and attacks all plants transplanted. I have yellow stick bait traps I made hanging up and at a last resort started spraying.

The fruit trees are starting to suffer from stress caused by lack of water, especially the cherry trees. The cherry trees were loaded, but now displaying fruit drop and shrived leaves. It looks like our cherry trees require more water than being supplied.

One of our Lemon trees keeps dropping its marble size tiny fruit after they turn black. I suspect it could be a fungal problem. My investigation in what could be causing fruit drop has everyone guessing. So I'm going to try two things. After we get some rain a feed of potash and then a couple of weeks latter, a copper based fungal spray.

## Fruit Trees

The Cherry Trees are not coping with the lack of moisture where as the other stone fruit are looking good – so far.

## Jobs for the month at our place

To supply a little extra water to the Cherry Trees. Mulching the vacant garden beds.

Keep thinning the fruit on trees. Spraying to keep on top of White Fly in the grow tunnel.

## Bird Life

We have had a visit from 7 chocolate brown back and white belly Ibis. Really pretty looking birds. They only stopped for about half a day.

We have 2 Wattle Birds a Male and Female taken up residence while the bottle Brushes are in flower.

**Remember:** If it's yellow let it mellow will be the theme for awhile to come.

*End of year: As 2023 draws to an end, the My Wife and I wish everyone a great Christmas and a better year in 2024.*

# Merry Christmas

The Divall's team would like to wish everyone a safe and happy festive break and we look forward to working with you again in 2024!

The majority of our team will be taking a short break over the festive period, but we will still be available to take your calls and undertake works.

Take care and we'll see you in 2024!

# Windellama SES First Aid & CFR

I must say that our CFR Unit has been extremely busy over the past month and I thank those who have been involved during this period for the dedication that they have shown.

We have two new members who have joined us and this will be a good help to our CFR Unit.

There are people with whom we come into contact with, promise to join us, but that promise is not carried out, unfortunately.

Most people are extremely appreciative of our service, but we also have people asking the question, which is, what is the SES doing here at an incident.

We, at times, have had to wait for long periods of time for an Ambulance to arrive. This comes about because the Ambulance Service has such big demand on their service.

I was asked on Sunday last, what my salary was and I replied, 000, surprise. I should have asked the fellow if he thought that RFS people were also paid, Oh! well, next time, yes there will be a next time as I have been asked before.

May I take this opportunity, on behalf of our Unit members and myself, to wish each and every one of you A Very Merry Christmas and A Happy New Year.

Kind Regards

Deputy Unit Commander

Windellama SES/CFR

N.B. The views expressed in this article are not necessarily those of the SES.

## Windellama Landcare

**Landcare is back in operation - help us plan the Windellama Landcare activities for 2024. Tell us your needs and priorities.**

Following a meeting with Upper Shoalhaven Landcare Council, Windellama Landcare is holding an open meeting at the Windellama Hall to develop its 2024 program,

at 11:30 am on Saturday 16 th December. All Windellama residents and nearby residents are welcome to provide input.

We are seeking your input in developing a Landcare program that could incorporate workshops and field days and provide information and assistance that meets the needs of local landholders, including such issues as:

- Soils
- Plant and weed identification
- Appropriate plants, trees, shrubs and grasses
- Erosion control
- Controlling pests, such as pigs

For further information call John Pearce (0435 586 281) or Tony Greville (0418 412 460)

Windellama Landcare (together with assistance from a large group from Willoughby Bush Care) has recently completed a major creek restoration project involving planting of 960 trees and shrubs and protection of endangered creek and tributaries.

# A Christmas Wishlist

To everyone in Tarago and surrounds, Communities Against the Tarago Incinerator (CATTI) wishes you all the best for a very happy and safe summer, Christmas and New Year. This year, instead of writing to Santa, we thought we'd send our Christmas wish list to Veolia.....

Dear Veolia,

We promise that we have been good this year, so we're sending you a short list of things we would like from you for Christmas:

1. Please ensure your Woodlawn operations are fully within the EPA licence requirements. Woodlawn is now rated LEVEL 3 - HIGH RISK by the NSW EPA. \* This means the EPA has determined that Woodlawn's operations are a high risk to human health and the environment. \*\* Last year Woodlawn averaged almost one serious licence breach per month, and that doesn't include the regular stench that envelops our community. \*\*\* Veolia talks about how it can run an incinerator safely and within the NSW Government requirements. It's nothing but talk unless Veolia can demonstrate it is able to run the current Woodlawn landfill within the NSW Government requirements.
2. Listen to the people of Tarago, Goulburn, Bungendore, Collector, Bungonia, Queanbeyan, ACT and all throughout the Southern Tablelands who told you in an overwhelming majority that we do not want an incinerator.
3. Show us the data. Show us the long-term soil and water testing and the staff and population health testing that Veolia has conducted over the lifetime of its Staffordshire and 65+ other incinerators to prove Veolia's claims that garbage burning doesn't harm the surrounding environment and population.
4. Please don't tell us we are ignorant and we don't understand. We've read your 3000+ page Environmental Impact Study, we've listened to your explanations, and we've done our own research. Your industrial waste incinerator is not a healthy option for our town.
5. Fix the stench at Woodlawn. Improve the landfill's performance. Make genuine efforts to transition NSW to an actual circular economy and towards Zero Waste.
6. Show us the list of alternatives you examined before trying to push an incinerator on our community. Burning waste is not a solution for the 21<sup>st</sup> century.
7. Put the community and the environment before your profit. We do not want millions of tonnes of contaminated waste ash buried up behind our town. We do not want deadly particulate matter from burning plastics and other garbage in our water tanks and in the lungs of our children. Tarago has lived with 20 years of Veolia's broken promises. It's time to listen to what we want. We want you to withdraw the proposal for a toxic waste incinerator at Tarago.

Regards,

F. Jeffery

Vice President, Communities Against The Tarago Incinerator Inc.

# CUT ABOVE HANDYMAN SERVICES

From Trees to Kitchen Sink

We have a qualified plumber and cert three aborist in our company.

We do general earthworks, tree removal, plumbing, block clearing and rural fencing.

Rubbish removal, excavator, bobcat and tipper.

## Please call 0492919898

Now the weather is warmer up, hope to have no further frost or snow. Sowing of many vegetables for harvesting during autumn can now be carried out.

## VEGETABLES;-

Beans, both climbing and bush, beetroot, silver beet, cabbage, capsicum, carrots, lettuce, marrow, parsley, parsnips, pumpkins, radish, sweet corn, late tomatoes. ( If any sign of frost cover the tomato, and beans).

Cauliflower seed can now be sown, also broccoli.

If you have grown plenty of summer vegetables in your plot, dig in more compost and chicken or sheep or cow poo, with some blood and bone to help them grow and lime the soil.

I have broad beans about 6ft. tall picking daily, and other patch just coming on. I will lime and boost my patch after I have taken the broad beans out.

## FLOWERS;-

Ageratum, amaranthus, snapdragons, aster, begonia, carnation, celosia, cosmos, dwarf dahlia, dianthus, marigold, nasturtium (grow near the garden to help with white cabbage moth), petunias, phlox, portulaca, saliva, torenia, verbena, zinnia.

If the raining weather persists there can be mildew and fungus problem on plants and roses, you can spray with Benlate or a complete rose spray for your roses.

Insect and thrip or fungus, you can spray with white oil. Mix 1 cup of full cream with 1 cup of water, a few drops of detergents and spray your plants after the bees have finished for the day. Hope to get a few dry days after the spraying.

Keep your fruit tree control by using fruit fly trap or spraying your fruit trees every 3 weeks, and again 2 weeks before picking.

Ensure shallow-rooted shrubs such as azalea, camellias and pieris have a good covering of mulch over the soil. If growing in pots check after all the wet weather they are not sitting in too much water the roots will rot.

Take cutting of daphne and buxus, after potting, keep them in a lightly shaded spot and cover with a clear plastic bottle base to help them retain moisture while the roots are forming.

Trim tired and yellow foliage from irises and other strappy –leafed plants.

To keep roses and annual flowers flowering dead head all the old flowers. Watch for snails.

# Heard of Wiltipoll Sheep?

The Wiltipoll is a hardy, prime lamb, wool shedding breed developed in Australia

- ✓ Full wool shedding – no costs of shearing
- ✓ Fly lice & grass seed resistant
- ✓ No jetting dipping or mulesing
- ✓ Stays in allocated paddock
- ✓ Superior quality meat sheep
- ✓ Ideal for organic lamb production - consistent multiple births

With Christmas is upon us, and it's a great time to support local businesses around the region.

By choosing to shop local, we can help our region to thrive. Our local shops often stock unique items that could make for special gifts that can't be found elsewhere! Not only that, but we also help to create job opportunities within our community.

Additionally, shopping from local stores helps boost our local economy. So, this Christmas, let's make a conscious effort to bring joy to our loved ones and our community by shopping locally.

### **Travel Safe**

If you're hitting the road this holiday season, remember to:

1. Rest up: long drives can be tough, so make sure you're well-rested before you set off. And take plenty of breaks!
2. Stay Sober: If you plan to celebrate with a drink or two, arrange for a designated driver or book a cab in advance.
3. Buckle Up: Always, no matter how short the journey!
4. Limit Distractions: Keep your phone out of reach while driving. Those texts and calls can wait.
5. Drive to the Conditions: Adjust your speed to account for weather, light, traffic, and road conditions.

The best gift you can give your loved ones is to arrive safely. So, let's look out for each other on the roads.

You may notice Council Crew's out and about in the region undertaking road safety inspections and pothole repairs as required in preparation of the increased holiday traffic.

### **Christmas closures**

Council's Civic Centre will close at 12pm on Thursday 21 December 2023 & will reopen at 8.30am on Monday 8 January 2024. From myself, Councillors, & Staff wish you a very safe and happy holiday season.

For holiday hours at Council facilities, please check our website. [On call services will continue as normal over this period by contacting Council's Duty Officer on \(02\) 4823 4500.](#)

All the best,

Mayor Peter Walker

\*\*\*\*\*

***Agricultural & Environmental STUDY TOPICS***

**Fauna:** Microbats (Microchiropteran Bats)

**Fungi** (instead of a flora for this year)

**Foe:** Red Imported Fire Ants (Fire Ants)

\*\*\*\*\*

Country of Study: **FRANCE**

\*\*\*\*\*

The CWA's Tarago Branch held their November meeting on the 8th.

**Morning Tea Roster** - A new DRAFT roster for 2024 will be sent out soon, please let me know if you need to change dates, before a final list is sent out in January.

**Agriculture & Environment**

Robyn introduced Red Fire Ants, the Foe for our new year of study. An unwanted South American import, now found in Queensland. Large numbers of ants will swarm onto a person or animal stinging over and over causing the sensation of being on fire. Stings can become infected and in rare cases lead to fatal allergic reactions. Infestations restrict the use of backyards, parks, playgrounds, beaches and sports fields. They may damage electrical, irrigation and agricultural equipment. Fire Ants feed on seeds, insects, spiders, lizards, frogs, birds and mammals. They can displace or kill off native plants and animals and change whole ecosystems beyond repair. Their presence also limits the ability to export goods to states or countries free of red fire ants.

**Handicraft**

Aprons are being made for the Pre-school at present. Floor cushions are next.

**International - France**

Some quick statistics and information on France. One of the world's oldest nations, the Roman name for France was Gaul. Population - around 65 million (2023). Capital - Paris - around 11 Million (2023). Area of Paris - 105 square kilometres. President - Emmanuel Macron. French national animal is the Gallic Rooster.

The French flag is the Tricolour - 3 vertical stripes of blue, white & red (Holland/Netherlands is horizontal stripes). French saying for this month - Liberty, Equality, Fraternity.

The Hall has been booked for an International Day for France's National Day in July. We are hoping that the school will participate also.

**Bus Trips**

The November trip was to Braidwood, with a wander around the shops then lunch at Vanilla Catering Cafe. We then had a quick stop in at Born Vintage where a lot of us bought something.... December trip, MAY be to Goulburn, if there are seats available on the Braidwood -Goulburn bus.

*(Continued on page 20)*

## Sad News

Tarago CWA Branch members extend their deepest sympathies to Mrs Virginia Boyd on the passing of her lovely husband Brian. Virginia has held many positions in Tarago Branch including our President and Patron over many decades and she was so wonderfully supported in all her efforts by the lovely Brian, a gentleman who will be missed. Condolences to Virginia and her family.

## Christmas Lunch

Wednesday 13 December at 12.30 we have booked lunch at The Loaded Dog Hotel. Booking sheet & menu available at the rooms. We have 24 members and guests, booked so far.

## EVENT DIARY for DECEMBER

- 2 December - 9am-1pm - **Kick It Off With Kites - Tarago UTE & BOOT Sale** - Tarago Showgrounds
- 2 December - 4-8pm - **Market In Tarago** - Christmas Twilight Market, Tarago Town Hall
- 10 December - **TSAI Christmas Party**
- 13 December - **Branch Meeting**, then **Tarago CWA Christmas Lunch @ The Loaded Dog Hotel**

## UPCOMINGS that you may be interested in 2024.....

- 14 February - **Branch Meeting** - 10am for 10.30am start, and Valentine's Day too
- 3 March - **Tarago SHOW**, Tarago Showgrounds
- 13 March - **Branch Meeting** - 10am for 10.30am start
- 29 March - 1 April - **Easter**
- 25 April - **ANZAC Day**
- 6-9 May - **CWA State Conference** in Coffs Harbour.

## MEMBER'S HAPPY BIRTHDAY

\* **DECEMBER** - Jackie Crace & Virginia Boyd

\* **JANUARY** - Lin Robinson, Teresa Hunter & Irene Kirkwood

**WISHING EVERYONE a VERY MERRY CHRISTMAS and A SAFE & HAPPY NEW YEAR**

Branch Meetings are held at  
**7 Braidwood Road, Tarago**  
on the 2nd Wednesday of the month, 10am for 10.30am (EXCEPT for January)

## CWA Websites to peruse

Tarago CWA Web Page - [www.tarago.org.au](http://www.tarago.org.au)

The theme for last month seemed to be morning teas. Not the simple ones we have every week, a piece of cake and a cuppa, but special ones.

Firstly we held two “thank you” morning teas for our generous benefactors Bendigo Bank and the Veolia Mulwara Trust. It was lovely to meet in person the people who have been so helpful in setting up our Shed. Having been successful with our latest VMT grant application we are planning to upgrade the electrical system and improve the lighting in the Shed. We will also be able to put carpet tiles in the tea room to help keep out the winter chill. This will make it more pleasant for us to work but also help the Show Society when we move out for the 2024 Tarago Show.

On the following Sunday we hosted the Goulburn Veteran and Vintage Car Club. This was a fundraising activity but it was also fun to look at all the interesting cars. In the afternoon our friend Doug took us for a drive in his beautiful blue 1928 Whippet. We were all fascinated to feel how comfortable it was without all the modern improvements.

Our Sausage Sizzle at the Bungendore IGA was reasonably successful although it was a quiet day overall. Even though we are a not for profit

organisation and have generous sponsors who help us with capital purchases, we still need to fundraise for ongoing costs.

We would also like to thank Heather and Wayne for donating an air conditioner to the Shed. It is installed in our Tea Room and will, we hope, make us all more comfortable this summer.

### IN THE SHED

Eve's skill in making garden ornaments from rusty old barbed wire is very impressive. So far she has made globes, stars, circles and crescent moon shapes. We are organising for her to run a workshop early next year to share her skills with

others. Leanne is using the bandsaw to make cut-out pointer dogs and other decorative shapes, some of which are quite intricate. Clare and Jenni have made more Christmas ornaments for sale at the upcoming Ute and Boot Sale and Kite Day. Kerrie has taken old cutlery pieces from a thrift shop and turned them into a lovely wind chime. Her renovation of the rocking horse is also going well and more resin jewellery is ready for sale. Leanne, Eve and Clare are getting to grips with the black and white jigsaw puzzle. It is half finished and they'll soon have to start colouring it in. Another monumental task.

It was a glorious day for the Willow Glen Garden Club's November meeting on Melbourne Cup Tuesday, and it's hard to imagine we could have had a more spectacular venue for the event. Pauline and David's gardens were looking absolutely gorgeous! With tables set up under the lush shade of established trees just down from the house, we were able to sit in the cool and admire the many varieties of flowering natives and additional bursts of colour from potted plants like the geraniums featuring along the verandah. Everything was framed by the vibrantly green and soft grass – much better than anything Flemington has to offer! (Cherrie and Fiona were seen barefoot testing the softness of the grass to assure themselves of its top-notch quality). And let's not forget about the David's topiary cars that are always a highlight of a walk around the garden. Pauline and David were fantastic hosts, and the members enjoyed a very special cup meeting.

In garden talk prior to the big race fashion parade, we heard that Carolyn has been battling the wind and a flock of mischievous Choughs who (along with the possums) have been stripping the trees of all the good stuff. But she is enjoying watching a Willy Wagtail sitting on eggs in its nest in a tree near their house. Doug has also been battling possums. They've completely stripped all 14 of his roses and he has no flowers to be seen. He's keen to see the possums relocated to somewhere they can eat from a new smorgasbord. Linda is predicting lots of apples for next year, and she brought in her tomato seedling orders for members to take home. I can let you know that they are exceptionally hardy

after I failed to water mine for a number of days and they are still powering on regardless!

David said that the change from rain to heat has killed off his liquid amber trees. He had irrigation pipes set 2m down into the ground to support them but they didn't pull through. Rob is coaxing some young trees (2m tall deciduous trees) through the hot, dry weather by running sprinkler rows for 5 mins each week. He finds this helps the water soak into the ground.

Irene has been picking broad beans and had some beetroot for everyone to try.

She has had problems with woolly aphids on the apple trees and her poddy lambs also got through the fence and ate off the roses. Henry's Taj Ma Greenhouse is functioning at optimum

Come along and visit all the different stall holders and enjoy a coffee and locally cooked food from our Kitchen

**All Welcome**

conditions thanks to shadecloth and an extractor fan. However, the lettuce and tomatoes are sulking and don't seem to be appreciating their wonderful growing conditions. Warren brought in

some African Violet cuttings with new roots coming on to show everyone as well as a Christmas Cactus that was flowering profusely (much to the envy of several people). Warren's tips for getting your Christmas Cactus to flower are to keep it in a room without light (or keep it in darkness for a week) and this will bring on flowering.

After a garden update, it was time for the Melbourne Cup hat judging. Whilst there was no prize for the best dressed participant, we should certainly mention Irene's delightful dress which would not have been out of place amongst

racegoers in the Flemington stands. In the battle of the hats, the ladies competition was a narrow win to Fiona for her skull-crushingly heavy concoction of rice flower and bats, named 'Gone Batty'. I hear she is still recovering from the headache of wearing it. Runner up went to Lyn, with a beautiful cottage garden hat arrangement featuring bearded iris, kiwifruit, billybuttons, hellebores, roses, snapdragons and geraniums. In the men's competition, Phil beat out Rob and Warren with his Gilbertese Fisherman's Hat.

To round off the day we all sat down to enjoy the race and barrack for our sweepstakes horses. After about half an hour, Kym searched the internet to find out that the race had already been won and we were all watching the wrong channel. It was a little disappointing, but next year Kym with his internet skills will be in charge of making sure we're on track to watch the actual race.
