

## Grant and Tender Writing Workshops

This workshop is suitable for local government, not-for-profit organisations, community groups and private enterprises.

A series of workshops being held around the region in coming weeks will help participants learn how to present the most advantageous submissions when applying for government grants and tenders.

When you apply for government funding it is crucial that you optimize your investment of time by unequivocally producing the best possible submission— a successful grant or tender bid is an investment in the future of your organisation.

At these workshops you will learn to provide facts clearly, accurately and responsively, to deliver against the grant/tender requirements in an organised, well-written presentation that provides sound and solid solutions.

To achieve a quality outcome from your grant and tender applications, come along to one of these FREE workshop sessions being held at:

At the Small Farms Field Day there are going to be demonstrations galore, guest speakers on a wide variety of topics; so you can actually see and talk to the people directly.

*I want to be able to spend time getting the information but what can my kids do?*

We are having a variety of activities for kids of all ages – cake decorating, air brush tattoos, animal nursery, jumping castle, even a cow pat lotto for all ages! For everyone there will be a live band for entertainment, story telling and an artist-in-residence painting on the day.

*Some field days are just so huge you can't get around to every one.*

There will be over 70 exhibitors which is large enough number for showcasing a variety of interests and a small enough number to be able to spend quality time with each one.

*100 ideas for 100 acres – I only have a few acres, what can I do?*

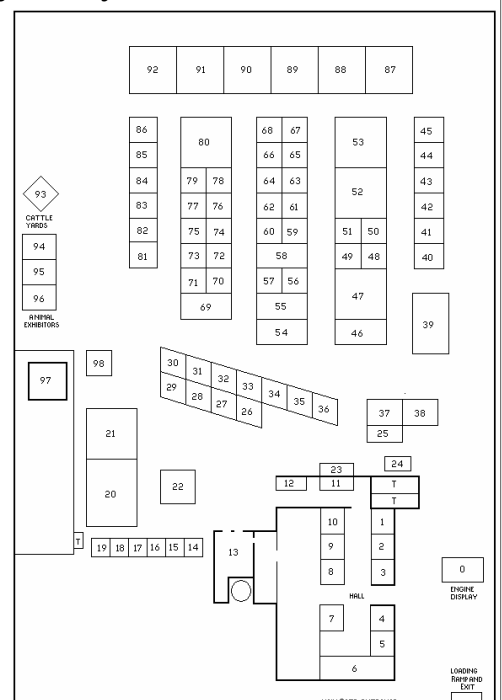

You would be surprised at what you can do with a small acreage. From 1 to 100 acres, there will be something for every size of property that is not only sustainable, but can also have a positive result for the land with the venture you wish to undertake.

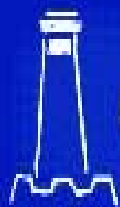

*What are some of the exhibitors showing?*

Just to mention a few - there will be local lavender growers, local honey producers, local oil producers, local truffle growers, local wine growers, local olive growers, local plant nurseries, local alpaca breeders, local cashmere goat breeders, local sheep breeders, local cattle breeders, fish farmers, local machinery suppliers, local rabbit growers, local seed collectors.

*I need information to help me get started.*

There will be people from various Departments – both Federal & State - with loads of information to help you with. They will even be giving short talks and of course will have sheets & pamphlets that you can take with you for further reference.

# WINDELLAMA VOLUNTEER RURAL FIRE BRIGADE

Report all Fires 000

Brigade enquiries 4844 5359

Yass - 6226 3100

## PERMITS REQUIRED 1<sup>ST</sup> October 2007 – 31<sup>ST</sup> March 2008

Contact Lynton Roberts 4844 5118 for ALL permit requirements

NO PERMITS BEING ISSUED (Because of current conditions)

### Out of area fire

The Brigade has already assisted a neighbouring Brigade at the beginning of the fire season for two days because of lightning.

### Bush Fire Danger Period

The Statutory Bushfire Danger Period applies throughout the Southern Tablelands Zone from 1<sup>st</sup> October to 31<sup>st</sup> March each year **unless** revoked by the Responsible Authority due to variations in climatic conditions. Notice of any variation of the Danger Period will be published in at least one local newspaper.

### DURING BUSHFIRE DANGER PERIODS, THE FOLLOWING REQUIREMENTS

#### ARE TO BE OBSERVED:

#### FUEL REDUCTION, CONSTRUCTION OF FIRE BREAKS, CLEARING ETC – **BY BURNING**

- (a) A permit to light, use or maintain a fire issued subject to the provisions of the Rural Fires Act, 1997 must be obtained in writing from the local Rural Fire Brigade Captain, **in whose area the fire is to be lit**. Inspection of the proposed burn area will be carried out by the Brigade Captain **prior** to the permit being issued.  
Permits within the NSW FB Districts of Goulburn, Yass and Crookwell can be obtained from the Fire Stations in those locations.
- (b) Notice must be given **24 hours before the fire is lit** all adjoining **landholders, Brigade Captain and Firecom**.
- (c) At least one person shall be present at the site of the fire from the time it is lit until such time it is extinguished.
- (d) Duration of a permit is at the discretion of the Permit Issuing Officer (Brigade Captain). A permit may be revoked, suspended or varied by the Permit Officer, particularly if weather conditions deteriorate to such a level which is, in the opinion of the officer, conducive to the outbreak and spread of fire.

If a TOTAL FIRE BAN (TOBAN) is proclaimed during this time, the permit is automatically cancelled and must be applied for again following the expiry of the TOBAN.

Remember lightning strikes cause many problems in our area, so once again please be on the lookout for smoke rising after the storm has passed. Fire can still start days after the storm.

When a total fire ban is issued there are precautions that must be taken particularly when working outside, and if possible many tasks such as working with welding equipment, slashers etc. should be put off. Care is required when using **all** forms of **mowers** during the Bushfire Danger Period.

### Training

The Brigade will be running and Accredited Basic Firefighting course on the 24<sup>th</sup> and 25<sup>th</sup> November.

### Field Day - Blue Forms

Blue forms will be available for collection at the **new Brigade tent** on the Field Day. If you are new to the area, or just want to ask questions, please come and see us there or contact the Brigade on 4844 5359.

Windellama has received notification that neither our Group nor Merv has been successful in the State Landcare Awards; however Merv, Shirley and Frances Knights will be attending the Awards Dinner at Tamworth on 26th October.

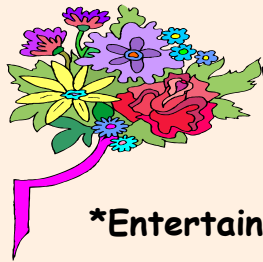

A number of available members have been very busy at the Hall placing a wonderful area of paving and an adjacent area of canturf lawn.

Our present interest is the forthcoming **SMALL FARMS FIELD DAY** on November 3rd and all members are asked to make themselves available to help on Friday 2nd and if possible at the Field Day itself. Members are also asked to please donate a cake or slice or biscuits to be sold on the day.

Thank you and stay safe. Your Secretary, Shirl.
