- 26 RFS Windellama Get Ready Day**

Annual Subscriptions - please send your details and **\$30** (cheques payable to 'Windellama News') to cover the annual cost of postage.

All cheques please post to:

The Secretary, PO Box 705, Goulburn. 2580

* Unpaid subscriptions will be cancelled after one month

If you have any short articles, anecdotes, or something else interesting about yourself, your family, or the community; please write it down and drop it in our letterbox at the Hall. We will edit it and publish it in the Windellama News.

A LOCKED POSTAL BOX IS AT THE FRONT OF THE HALL, 3444 OALLEN FORD RD, IN THE STONE WALL FOR THE COLLECTION OF ITEMS FOR PUBLICATION

Items left in the box after the deadline will not be collected or included in the News

Articles, adverts, etc may also be sent by email to:

newswindellama@gmail.com

Adverts sent by email will not be inserted unless payment is received by the deadline.

Our Policy on Receipts

The Windellama News makes out a receipt for all advertising payments made to the paper. We don't post out receipts to save cost and we assume that the appearance of the advertisement in the paper could normally be taken as proof of payment. If you require a posted receipt please include a stamped self-addressed envelope with your payment.

It would be greatly appreciated if anyone sending money to the Windellama News would include their name and address and a note saying what it was for and put it in a sealed envelope. This would avoid a lot of confusion and uncertainty .

Community Notice Board

Thank You!

Windellama Garden Club – bottle your formula and you will make a fortune. Once again the effort at our little community and the Garden Club have only been outdone in their donation by the big boys in town, the Workers and Race Club. What an achievement!! Last year our \$ in vs \$ out left us with a profit of \$115 – so you can see how important the cake auction day is to us.

Every raffle ticket, drink, sausage is important. We paid just under \$45,000 to local families with cancer. This is only achieved by us because of all the generous people involved with the cake day – the hard working garden club, all the cooks, those who donated other items and everyone who attended on the day.

Can Assist and the 59 families we helped they year say thank you very much.

Well done Windellama!!

Bonita Armstrong (Can Assist)

At the Goulburn Mayor's farewell Gary & Leanne Lourigan and Grahame & Christine Woodcock. Presenting Mayor Geoff Kettle and his partner Sharyn Ward with a gift of appreciation for all their help to Windellama Progress and the Windellama community

IN MEMORIAM

Thoughts, prayers and love to Wendy CRISP on the passing of her husband Alan.

Wendy has been a stallholder at Windellama Markets for many years and has also volunteered at numerous events held at the Hall.

Thank you Lyn

A very big thank you to our editor Lyn Jones, for all her help and contributions over the last couple of years. Lyn, you will be greatly missed and we wish you well for the future.

Community Outreach Meetings – 2016

Goulburn Mulwaree Council is hosting an outreach meeting on Tuesday 11 October at the Windellama Hall

The Community Outreach meetings provide an opportunity for community members to meet and discuss Council related issues directly with Goulburn Mulwaree Councillors and senior staff.

The meeting commences at 6:30pm at the Windellama Hall, located at the corner of Windellama and Oallen Ford Roads.

Craft, Art, Produce Seasonal (CAPS) Market In Tarago

The Spring Craft, Art, Produce Seasonal (CAPS) Market In Tarago will be held **Saturday 29 October**, from 9am until 2pm at the Tarago Town Hall, Wallace Street, Tarago. It is planned to hold this market quarterly, April, July, October & January.

Tarago is a pleasant drive, half way between Bungendore and Goulburn, with the Town Hall situated near the railway station.

Stallholder items will include: Alpaca garments, antiques, artwork, bags, books, candles, cards, calligraphic items, cider, collectables, crocheted items, cupcakes, cushions, dog coats & treats, free range eggs, fruit & vegetables, greeting cards, hats, herb, honey & beeswax, horseshoe artworks, jams, jewellery, knitwear, lavender products, leatherwork, massages, metalwork, mosaics, olive oil products, paper crafts, plants, preserves, photography, quilts, recipe books, recycled pallet signs, second hand goods, shrubs, soaps, trees, Tupperware, wine, woodwork and roaming buskers.

There will be a community organisation run Cafe with homemade food in the hall, as well as the Keen4Caffeine coffee van near the outside stalls.

A Second Hand Row will have good quality collectables and antiques, something for everyone.

The Food Walk Way is increasing each market with an excellent variety of produce.

A local business will judge the best stall (display and decorative appeal) on the day for a very generous prize.

New stall holders are welcome and stall prices range from \$20 - \$35. Hall sites are much sought after, so there is a waiting list, but outside sites are readily available.

Entry is by Gold Coin donation.

Enquiries to 0429 200 456 or CAPSmarketInTarago@gmail.com, checkout the Facebook page - Market In Tarago.

ATTENTION IMPORTANT PUBLIC MEETING

(Sponsored by the Tarago & District Progress Association (TADPAI))

THE TARAGO & DISTRICT MEN'S SHED

A Meeting to discuss the formation of the Tarago & District Men's Shed and to elect a sub-committee to progress this TADPAI project is to be held at the Tarago Town Hall, Wallace Street, Tarago on Sunday 23 October at 4:00 pm. This sub-committee will be run under the constitution of TADPAI which follows the Department of Fair Trading NSW guidelines and procedures.

All residents of the district are invited and indeed encouraged to attend. This is an important development for our district to support Men's Health and needs community support if it is to be done right. The Shed is not just for Tarago residents but also surrounding communities. Please come along and have your say or to simply find out what's going on. **PLEASE SHOW YOUR SUPPORT FOR THIS IMPORTANT PROJECT.**

A recently completed Men's Shed Feasibility Report will also be discussed. For enquiries and/or to obtain a copy of the report which is also available at www.tarago.org.au please contact Neil Shepherd, TADPAI Secretary by email to tadpaisecretary@gmail.com or by phoning 0417673359.

Windellama Garden Club Incorporated News

Preparations are underway for our High Tea which is to be held at the Windellama Community Hall on the 13th Oct 2016 at 11.30 am.

We ask you to spruce up, pull out your Sunday best and come along to a Windellama style High Tea. There will be an unlimited supply of most varieties of tea. We will also have cakes, tartlets, lamingtons etc, and of course bite sized savouries. We have all sourced cups and saucers, tea pots etc, but may be a little light on cake servers and tea strainers. Be sure that we will improvise as our Grannies did, country folk are like that.

The presentation of the funds raised for Can Assist, Cancer Day Appeal will be presented to their representative at the High Tea.

If you would like to join us then please:

RSVP by Oct 7th Oct. 2016 to

Windellama SES First Aid & CFR

We have on going training consisting of Map and Navigation, this is proving to an interesting course. The study of any sort of map, to my mind, is quite fascinating.

The old evergreen of lot numbers being used for an address has come in to focus recently, even no property identification number at all.

A decision was made to open our unit on the same days that the markets operate, but unfortunately no one seems to be interested in seeing what we have to offer to the general public. Does make one wonder, as to whether or not, people really understand what a dedicated lot VOLUNTEERS really are, whether they be RFS VRA SES/CFR ST. JOHN'S, but to mention a few.

Our call outs were fortunately few this past month.

BRANCH**

Spring is traditionally a busy time for our volunteers, and 2016 is proving to be no exception. Many creatures need help, especially baby/fledgling birds being blown out of nests during wild and windy weather. However, not all birds on the ground need help. Some, for example magpies, spend a few days on the ground when fledging, fluttering around and learning to fly – with their parents still feeding them. Unfortunately they do look like they're in trouble, and are often unnecessarily picked up by caring and well meaning people. If you see a bird in this situation, try and observe it for a while and only pick it up if it has not been fed by a parent bird for some considerable time, or if it is in imminent danger, eg. dog or cat attack. We in WIRES do our best to raise the animals that come into our care as close to nature as possible, but nothing can replace the natural parent's care for their young.

Magpie and plover swooping can be a problem at this time of year. They only swoop to protect their territory and nest, and will only act in this manner at breeding time. Magpies are territorial and cannot be relocated. In springtime when they have eggs or young, if the offending adult bird was to be relocated there would be no parent bird to look after the young, and they would starve to death. You would also have another Magpie move in as soon as the territory became vacant. Magpies usually build their nest fairly high up in the trees, the basket like nest is made from sticks leaves and grasses, they make use of things like string, rope, wire,

A young magpie in care about to enjoy a juicy treat from the carer's garden. (Photo by Kay Muddiman)

hair and anything else they may think useful. They will reuse the nest year after year doing repair work every new season. Breeding takes place between June and December. The eggs take about 21 days to hatch, and the young spend about 4 weeks in the nest before they leave. The nest is the most dangerous place for a juvenile bird, as predators can easily find them, so the parent birds will encourage the young to leave as soon as possible. They will leave the nest before being able to fly; they will flutter from bush to bush being fed by the parents. You will usually hear them being very noisy at this particular time of the year, as they beg for food from exhausted parents. Magpies are great visitors to your garden, as they eat a variety of destructive insects.

Plovers (or Masked Lapwings) usually lay their eggs after local rains. They lay up to four eggs on the ground in a small depression. Once the eggs are laid the parents are very protective of them. It is this fearlessly protective nature of swooping and screeching that brings them into conflict with people. However, as opposed to magpies, plovers rarely make contact, it's mainly noise and threat. The eggs will hatch in about 28 days and on hatching the chicks are amazingly well coordinated and can see, run and peck up food. The parent gives protection, direction and

(Continued on page 10)

(Continued from page 9)

warmth. As soon as the chick hatches it leaves the nest to follow the parent. We have had plovers nest on our lawn for a few seasons running, and every year once all the eggs are hatched the parents lead them away to a more protected area, and peace returns to the lawn!

The continuous and large amount of rain we had during winter and on into spring has caused many problems for wombats. Their burrows have been flooded and/or washed out causing the animals to move to higher ground. Some places they choose such as under houses or in sheds, may not be the ideal place - not only for the wombats, but also where we humans are concerned! However, most animals will move on when everything dries out, so please be understanding and patient if this happens to you.

Summer is also fast approaching - snake season. An early reminder for people to take care when outdoors, and to keep their yards tidy and clear of rubbish. Not only does this make it less inviting for a snake to take up residence, it also deters mice, rats and other vermin which in turn attract snakes. If you should see a snake that isn't simply "passing through", do NOT attempt to kill it (around 75% of bites occur when people attempt to kill snakes), but try to keep an eye on it while another family member locks up any pets and calls WIRES on 4822 3888. We will give you appropriate advice depending on each individual situation, and if necessary arrange for one of our trained snake handlers to come and relocate it for you.

For help with injured wildlife please ring our branch Rescue number – 4822 3888, our volunteers will be only too happy to assist.

Until next time, take care all – Kay.

Rotary Swap Meet & Market Day at Crookwell Showground, Sunday 23 October 2016

A large variety of new & old goods on offer including collectables, clothing, footwear & normal swap meet items. This year there will be a greater emphasis on show and shine with a large display featuring vintage and veteran cars. The swap meet is again the destination for the 2016 Canberra – Crookwell Charity Cruised organized by the Canberra GT Falcon Club; Contact: info@falcongclubact.com.au)

Outdoor & indoor sites are available starting from \$15 per site & a \$50 lucky stall draw will again be available to participants. Set up from 12noon Saturday, gates open 6.30am Sunday. Free camping on the ground Saturday night with coin operated hot showers available.

Entrance fee for lookers and buyers is \$5 for adults and U12s free. Come along and have an enjoyable day at very little cost & be eligible for some great entrance prizes from our generous sponsors;

- ⇒ Sydney Vintage Car Restorations
- ⇒ Crookwell Hire - \$100 fuel voucher
- ⇒ JD's Rural & Hardware Supplies - \$100 voucher
- ⇒ Lost River Produce - \$50 meat voucher
- ⇒ Paul's Café - \$50 meal voucher
- ⇒ Crookwell Hotel Bistro - \$50 meal voucher

ALL PROFITS TO ROTARY CHARITIES & LOCAL COMMUNITY PROJECTS

Windellama SES Member Profile

Frances Knights

At the ripe old age of 60 something I joined the local SES/CFR unit six years ago and have had no regrets. My “young” sister in Sydney had joined her local SES some time previously and not to be outdone I decided that it sounded like a good idea. We are not competitive in our family - much.

Since that time, apart from first aid which is most important, I have I learned how to tie knots – that alpine butterfly was a struggle - use the radio properly, learn the ins and outs of safe driving under lights and sirens, don a roof safety harness, help construct anchors and install a safety line across a roof, attaching all the safety features – rockers, karabiners, etc. and actually getting on the roof, which I must say was a major achievement for me. I think, however, I’ll leave the chain-sawing to others.

Our current course is “Map Reading and Navigation” and is proving to be very interesting. Maybe when we finish I won’t get lost when I go for a walk! That will be an improvement.

I have been living in the district for 40 years now and have seen the area grow from a very small community to the thriving place it is today. I like to think I still have much to offer and when asked (and sometimes even when not) will give my opinion on anything and everything.

Windellama and surrounds has always been a vibrant and caring place to live and I feel that if we want it to continue into the future we need to put as much back into the community as we are able and I would urge all newcomers to the area to come and see how SES operates and consider joining our organization.

We have to be fairly self-sufficient in the bush, as we don’t have all the bells and whistles available in the city, and one way to achieve this is to learn how to overcome the pitfalls you may encounter along the way.

Wait another email from Frances as we go to print...

I forgot to mention that I'm still working on the farm - fencing, sheep work but hope with all the lovely rain we have been having lately we are due for a good season at last and the work will be easier. There is nothing worse than having to dig post holes in rock hard, dry ground. I would definitely rather be reading a good book.

A great article from Frances, very interesting. Frances is a valuable member of the Windellama SES and an inspiration to younger female members.

Windellama SES meets on the 2nd and 3rd Mondays of the month at 6.30pm.

Everyone is welcome to come along and find out a little more about us. You’ll find us at the SES Unit in the Windellama Hall complex.

BUSH FIRE DANGER PERIOD SOUTHERN TABLELANDS ZONE

At time of writing it is still not known if the upcoming Fire Season will commence October 1st or November 1st. Due to the continuing wet conditions consideration is being given to delaying the commencement of the Fire Season by a month. However, its commencement will be well covered in the newspaper (Goulburn Post), radio stations (2GN and ABC) and television. In the 'OFF' season the Fire Sign near the Hall will display at the bottom 'Prepare, Act, Survive', whilst during the Fire Restrictions it displays 'Permits now Required'.

During the Non Restricted period you should remember:

- ♦ Yass MUST be notified 24 hours before you light the fire, during business hours 9am to 5pm and by 3.30pm on Friday afternoons, phone 6226 3100.
- ♦ Your immediate neighbours must also be notified.
- ♦ Notify the Brigade as a courtesy to save time, if smoke is spotted, phone 4844 5359.

For more information contact one of the Brigade phone numbers above.

PERMITS ARE REQUIRED DURING THE FIRE RESTRICTION PERIOD

Fines can apply if regulations are not carried out.

**** Windellama Get Ready Day – 26th November 2016 ****

All welcome come along and meet members of the Brigade, enjoy a sausage sizzle.

The Brigade will be holding the Rural Fire Service Get Ready Day at the Windellama Brigade Shed, 3762 Oallen Ford Road. This day will replace the two function days previously held the Open Day and the Information Day. This is an event offering informative discussions on fire safety,

Over the Last Month

The Captain Rex Hockey advised that there weren't any incidents in the last month. This off season has been very quiet, we have had 2 Fire 'call outs' and 1 Motor Vehicle Accident.

Training

If you wish to take part in the Windellama Brigade training or be contacted by email regarding the monthly training details visit the Brigades website and send an online contact form or email windellamarfstraining@gmail.com. Vale Len Ryan Late of Coonabarrabran

Hi Folks

I hope you like history because you all should be made aware of how this unit came to be at the point it is at today.

A chap by the name of Len Ryan was an ambo at that time. He lived at "Adanac" Minshall Road, about 4 K from here.

It was around 1998-1999 that Len was having heated discussions with the RFS hierarchy – I should know, as I sat on top of a load of small bales of hay in the hot sun, Len arguing on many occasions that day as to the pros and cons relating to his vision for the future. This vision was to have a RFS first aid service. The 22nd of July 1999 saw this come to fruition.

That class was as follows: Len Ryan, Michael Markut, Sharon Alessi, Joseph Bonney, Mary Bonney, Karen Bonney, Christopher Bonney, Shirley Cornish, Ray Carey, Colleen Gegg, Belinda Hunter, Graeme McFarlane, Joseph Walker, Glenn Walker and Mark Spence.

The RFS has 52 instructors and over 2000 have attended courses and it all started at Windellama.

Graeme McFarland, Shirley Cornish, Pat Freebairn, Anne and Marg Webb, Ken Stevens, Irene Turner, Noel Sylvester and I were taken on by the SES in 2005, fortunately one Phil Brotherton, an ambo and unit controller decided to have a CFR unit at Windellama. This was 2008.

Now the thing to be remembered from this, is that Len Ryan was a visionary, he has left us a legacy that is now in the hands of the newer members of our unit, as us oldies have to give guidance to the new members.

This was dictated to me, Kevin Muffet, over the telephone, not long before Len died at Dubbo hospital.

I first met Lenard Ryan in June of 99 when my eldest son decided to join the fire cadets, I again met him a week later when he conducted a first aid course for the residents of Windellama. I attended this course with my uncle and a neighbour. After our course I approached Lenny and asked if could I learn more, Lenny took me under his wing and over the years taught me all aspects of first aid and beyond.

In 2000 I began to teach first aid through the Rural Fire Service under the supervision of Mr Ryan and Michael Marcut, In 2000 Len had a dream to build a first aid unit to help the injured and sick in Windellama until the Ambulance could arrive; this was met with mixed responses, so Len being Len, he and I started building a trailer to fit out as a mobile treatment room. To fund this we registered this under the Rural Fire service Cadets, and started attending sporting and social events to fund the build and buy supplies.

In the early years it was hard but we soldiered on, we recruited more volunteers and in 2002 we had over 9 members in our unit. In 2003 Lenny and June Ryan went on holiday to

&

Coonabarabran where they bought a farm. They came home, sold up and moved back to Coonabarabran, leaving the first aid unit in my hands.

I contacted Kevin Muffet to assist me in running the unit in 2004. We left the Rural Fire Service and in 2005 the unit as a whole joined the SES again. After the initial induction and training under the SES and completing all tasks assigned to us, in 2008 the same 9 residents from Windellama sat and passed their Community First Responder over a 8 week period. After this time all nine residents became community responders in association with the NSW Ambulance service which meant these residents would be called to the sick and injured and perform first aid until the Ambulance would arrive and the Paramedics would take over. This service has grown and grown over the years, 8 years to be exact, they now have their own shed at the hall, so one man's dream with the hard work of some extraordinary people, has now become a reality.

Memories by Graeme McFarlane

Council Outreach Meetings

Goulburn Mulwaree Council has confirmed the calendar for the 2016 Community Outreach meetings.

The meetings will provide an opportunity for community members to meet and discuss Council related issues with Councillors and senior staff; rural communities are encouraged to have their say on council matters and projects.

The 2016/17 budget included an allocation of over \$11.7 million over four years to rural roads and bridges, while \$100,000 is allocated each year to the Village Discretionary Fund.

Mayor Geoff Kettle emphasised the importance of these meetings. "Ensuring that we take the chance to meet with all communities within the LGA is incredibly important. I'd encourage everyone to take advantage of the meetings to voice your thoughts and ideas."

The 2016 Outreach Meetings will also be the first chance for new councillors to engage with rural communities within their new roles. Council elections will take place this Saturday, 10 September, with 9 councillors to be elected for four years.

2016 Community Outreach meeting schedule

Windellama	6:30pm, Tuesday 11 October at Windellama Hall
Goulburn	5:30pm, Tuesday 18 October at Council Chambers
Marulan	6:30pm, Tuesday 25 October at Marulan Hall
Parkesbourne	6:30pm, Thursday 3 November at Parkesbourne Uniting Church Hall
Tarago	6:30pm, Tuesday 8 November at Tarago Hall
Towrang	6:30pm, Thursday 10 November at Towrang Hall
Tallong	6:30pm, Tuesday 22 November at Tallong Hall

ORIGINAL WINDELLAMA POST OFFICE FOUND

The Windellama Post Office was established on 1 June 1863 with Richard Bull, a farmer at Windellama as the first Postmaster. Richard was born in 1833 at Liverpool NSW into a large family, his parents being John and Mary Bull.

With his brother John, Richard moved to Goulburn and they set up a wheelwright and coach building business in Grafton Street. Richard was married in 1855 to Maria Rowley of Liverpool.

In 1861 the firm of J and R Bull Wheelwrights, closed and Richard bought a property at Windellama and became a farmer and established a dairy farm.

Richard was paid £12 per annum. The post office was located on Portion 133 Parish of Cullulla. This was the land once owned by Richard Popham and was just across the Windellama Creek from where the post office was located

at a later date when Edgar Fife was post master.

Previously I had no idea where the original post office was located but by chance while looking for something else I came across the following advertisement.

TO LET

A good DAIRY FARM, 690 acres at Windellama, lately occupied by the late R Bull.

(*Sydney Morning Herald* 13 February 1864 page 12)

On looking at the Parish maps for Yarralaw and Cullulla I found that there was only one 690 acre portion, on these maps, Portion 133 Parish of Cullulla.

The *Goulburn Herald* of 5 March 1864 page 3 also had the following advertisement for the stock and household items.

After Richard Bull's death the post office was taken over by Mrs Elizabeth Cartwright, a position she held for the next 30 or so years.

(Tom Bryant 20 July 2016)

Monday, 7th March.

SALE AT WINDELLAMA.

Willow Glen Gardeners

<http://www.whispersfromwillowglen.blogspot.com>

Brilliant sunshine, cloudless skies, cool but not freezing, no wild Windellama winds and warm in the sun – we couldn't have asked for better weather for our garden club day at Nirvalley Plant Nursery on Cullulla Road. Caroline Campbell joined us to hear about our frivolities with our gardens and said they always have kangaroos/wallabies eating their plants. Bridget has put sticks/stakes everywhere to try and stop the wallabies from demolishing her garden but to no avail. John & Caroline put up deer fencing to deter their attacks, however possums have been decimating their roses and brazenly walking up & down their verandah looking for a chomp. Caroline has found aphids on her hellebores already – be on the lookout. They said that they've had so much rain it's like driving through a lake to get from the road to their house, but better than no rain.

Tony advised that Diggers seeds & plants are now available in Canberra at The Heritage Nursery (near Yarralumla). We hope next year to have a day at Canberra's Botanic Gardens and maybe the Arboretum and The Heritage Nursery (yet to be planned). Joy brought bags of strawberry plants for us to share. Peter & Maria are looking forward to their tulips flowering soon. Their house was built in 1837 as a slab hut and they've worked constantly over the years to rebuild & renovate. They now have a Newfoundland pup – this will soon look like a small horse on a small block. Warren said that for 2015 they had 459 mls of rain but so far this year (to early September 2016) they have had 541 mls. Good rainfall so far this year. It's time to spray fruit trees for leaf curl while they are in blossom before the leaves appear. Judy is still in hospital recovering from her knee replacement – best wishes for a speedy return to the garden.

It was interesting to learn about Nirvalley's history. The original cottage was built in 1905 but was completely undermined by wombats and collapsing when Peter & Caroline bought the property over 20 years ago, so the council said it was too dangerous and must be demolished. However, there are still traces of the original gardens including snowdrops and unusual daffodils with many rows of bright yellow ruffled petals - beautiful. Many suggestions from our members to deter wombats from digging their holes under garden beds (or houses) included strobe lights or movement detectors outside or blood & bone (which dogs like to roll around in), dynamic lifter or peeing in the hole (at night to prevent embarrassment, hehehe).

Goulburn and surrounding areas

Peter Campbell is always willing to offer advice on plants for our region and he even has koala food trees – Tasmanian Blue Gum (*Eucalyptus Globulus*) in small pots. There is a huge range of fruit trees including stone, citrus and dwarf trees plus hundreds of other trees, ornamentals & plants all acclimatised for our region. We are so lucky to have such a great local plant nursery right on our doorstep – and if it's not there Peter can get it in for you. Don't just drive past – call in, have a look, talk to Peter about trees or plants for your place and get them locally – it's good to support our friends & neighbours, especially with such variety & reasonable prices. Peter is also a landscaper, servicing from the Southern Highlands to Canberra, so if you're in the market for that then he's your man. Thank you Peter & Caroline for inviting us to join you on such a glorious day.

Our next meeting will be Tuesday 4th October at Bridget & Frank's home, 172 Mulwaree Drive, Tallong. Please bring something to share for morning tea. We'll then go to Joy & John's home at Tallong to enjoy lunch. Joy is kindly cooking a pasta dish for us, we just need to bring a salad to share. Everyone is welcome to come and share garden walks, food and friendship.

Liz-Ann

Nerriga Gardeners

Due to the inclement weather and low numbers the trip to the Araluen was postponed until the peaches come into season in December. Also we had missed the majority of the blossom with only the late varieties still in flower. Instead a few of us gathered at Corang Cottage and had coffee and cake. Later I emptied the back of the ute which had a nice pile of soil and mushroom compost and made up some bags to grow early potatoes. The idea is that the potatoes start to grow in the bag with about 6 inches of mix and as they grow more mix is added until the bag has about 2 foot of soil in it and then the potatoes are supposed to produce layers of new potatoes which can be slowly harvested from the bottom of the bag by cutting a hole and ferreting about in the dirt. We will see if it works or is too much trouble and no better than growing them in the ground and doing a one off harvest. After a couple of frosts on Saturday and Tuesday morning the wisteria is looking a bit sad but then there won't be as much fallen blossom to gather up! The lilies had mostly sprouted and they got sugar cane mulch caps for the 2 nights which appears to have worked. The late daffodils are managing a good show despite the wind and then rain followed by hot days but the Bowerbird is still picking the best blooms! He has also taken a liking to the primrose flowers and the grape hyacinths are good for background at the bower.

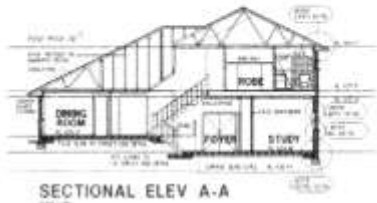

Next month the meeting day is being changed to Thursday 20th due to work changes for some members and as yet the venue is undecided. November if enough people are interested an excursion to the Eurobodalla Botanic Gardens at Bateman' Bay can be undertaken and December will be the trip to the Araluen to get peaches and nectarines. Anyone and everyone is welcome to join us and the meeting point will be 7184 Nerriga road at 9am for the Nov and Dec trips. Any further info contact Kay Hamer on 48459021 or kahamer@activ8.net.au.

During the rest of September and into October there are lots of flower events such as Floriade, Tulips at Sutton, Tulip Time in the Southern Highlands and several gardens are open to the public for a small charge. See the website myopengarden.com.au for details of open gardens. Also 23rd October there is a Spring Concert and lunch at Palerang Homestead see trybooking website.

The Big READ bus

The date is set for the official launch of the Big READ Bus; come down to Belmore Park at 2pm on Saturday 8 October to discover Goulburn Mulwaree's new mobile library.

Goulburn Mulwaree Council will be officially opening the doors of the Mobile Library as part of an exciting afternoon that will include snakes and ladders, sausage sizzle, cupcakes and coffee.

Following the launch the mobile library will transform into a children's outdoor reading and library area with chairs and tables for families to sit and read before the Pictures and Popcorn in the park movie begins.

The Big READ Bus is eco-friendly, and is equipped with rooftop solar panels which will provide clean energy for on-board equipment. The mobile library will be fitted out with wireless internet, computers and devices such as iPads, Samsung Galaxy and Kobo, as well as holding up to 3000 library books and other items for loan.

From Monday 10 October the Big READ Bus will be visiting rural areas, schools, nursing homes and retirement villages to provide library services to members of the community who can't easily access the Library in Bourke Street. Please find attached the timetable for 2016.

Library members will be able to use the bus to borrow a wide variety of books, movies and music. Our on-board librarian will also be available to answer questions, reserve library items and teach people how to use their devices to loan e-books and access a range of other online resources; all free of charge.

The aim of providing a mobile library is to create greater access for resources, and to build a safe and welcoming environment for the community to share ideas, learn and play. The library, by bringing people together, hopes to provide a unique and exciting space that will foster the growth of stronger and more connected communities.

As part of the launch there will also be a 'pop up library' on the morning of 8 October, as part of the Pathways to Hope event in Belmore Park. The Big Read Bus will have information in relation to health, wellbeing and cancer prevention.

The purchase and fit out of the Big READ Bus has been made possible through funding from the State Library of NSW's State Government Public Library Infrastructure Grant, administered by the Library Council of NSW.

Michelle Feely

Museum open

With the worst of the frost over, spring trees and shrubs are flowering, such as crab apple, flowering peach, cherry, magnolias, shrubs such as golden forsythia, weigelleas. This month climber such as clematis should also be flowering.

VEGETABLES SEED

Sow seeds of carrots, parsnips, beetroot, peas, cabbage, silver beet, radish.

Curcubits; cucumber, zucchini marrow, melon (rock melon and watermelons), Pumpkins, squashes, all these plants need a warm soil to grow, also some old compost and complete fertilizer, good drainage and a warm sunny spot.

Capsicums, and tomato but protect from any late frost.

Sweet corn requires a garden which is built up with compost and a dressing of complete fertilizer just before seed is sown directly into the soil. Plant in blocks this allows the pollen from the male flowers or tassels at the top of the plant has the best chance of falling on the female flowers half way up the stems. Space rows 60cm apart.

Beans seeds, celery and parsley can also be sown.

FLOWERS

Ageratum, alyssum, asters, balsam, carnation, cosmos, dianthus, larkspur, linaria, lobelia, liverstone daisy, marigold, nasturtiums, pansy, petunias, phlox, poor man's orchid(schizanthus), portulaca, snapdragons, verbena, seeds and seedlings can go in now.

Dahlia; seedling of the dwarf varieties, which only grow to 60cm can also go in.

The taller dahlia plant tubers, in good compost soils and place the stake them for support. As plants grow a side dressing of complete fertilizer, also soluble fertilizer used over the foliage every month will ensure plenty of blooms. They like a area with plenty of sunshine.

Remove winter weeds before they set seed, and chip spring weed seedlings with a hoe.

Feed spring bulbs after they have finished flowering. Fertilize azaleas, rhododendrons, magnolias and camellias.

Trim winter-flowering natives such as wattle and crowea when they finish their main flush.

Craft @ Windellama Hall

We meet from the second Tuesday of the month 1—4 pm.

For more information please call Irene Turner on 48445 214.

SERVICES

Belinda's pet minding

Why stress your pets out by putting them in
Kennels or boarding and saving on having to get
them vaccinated to put them in boarding.

I will come to you . Leaving your animals in their
own homes. I have Vet Nurse experience of
10yrs .

I have a miniature pony stud and also breed and
show guinea pigs. I will feed Horses , Dogs, Cats,
Goats, Sheep, Chickens Ducks,. Medicate
animals daily if needed .

Servicing Windellama , Bungonia, Quialigo and
Goulburn.

Contact Belinda on 48447168 or 0497179799
