**Annual Subscriptions** - please send your details and \$30 (cheques payable to 'Windellama News') to cover the annual cost of postage.

All cheques please post to:

**The Secretary, PO Box 705, Goulburn. 2580**

\* Unpaid subscriptions will be cancelled after one month

If you have any short articles, anecdotes, or something else interesting about yourself, your family, or the community; please write it down and drop it in our letterbox at the Hall. We will edit it and publish it in the Windellama News.

**A LOCKED POSTAL BOX IS AT THE FRONT OF THE HALL, 3444 OALLEN FORD RD, IN THE STONE WALL FOR THE COLLECTION OF ITEMS FOR PUBLICATION**

**Items left in the box after the deadline will not be collected or included in the News**

Articles, adverts, etc may also be sent by email to:

[newswindellama@gmail.com](mailto:newswindellama@gmail.com)

**Adverts sent by email will not be inserted unless payment is received by the deadline.**

## Our Policy on Receipts

The Windellama News makes out a receipt for all advertising payments made to the paper. We don't post out receipts to save cost and we assume that the appearance of the advertisement in the paper could normally be taken as proof of payment. If you require a posted receipt please include a stamped self-addressed envelope with your payment.

It would be greatly appreciated if anyone sending money to the Windellama News would include their name and address and a note saying what it was for and put it in a sealed envelope. This would avoid a lot of confusion and uncertainty.

## Notice to advertisers, article submitters & readers

## **WINDELLAMA PROGRESS ASSOCIATION NEWS**

On Sunday the 25<sup>th</sup> July 2021 Windellama Progress Association held its AGM for 2021/22 with 20 people in attendance and 3 apologies.

President of Windellama Rural Fire Brigade and Windellama Historical Society Rex Hockey chaired the Elections. The results from the elections are below:

### **Windellama Progress Association Committee 21/22**

**President** : Michael Still

**Vice President** : Gary Lourigan

**Treasurer & Public Officer** : Ray Plant

**Secretary** : Leanne Lourigan

**Assistant Secretary** : Gayle Stanton

### **General Committee**

Ros Woods

Paul Alessi

Brendan Shannon

Tracey Keenan

Shelley Andrews

Kylie McGaw

Congratulations to all the elected members and a big thankyou to all our previous Committee members

A big Thank you to Rex Hockey

And to add an even more pleasant note, 3 more lovely locals have joined Progress and we look forward to working with them and having their input .

Welcome Michael Lees and Mark and Michelle Goltsman.

Our August meeting was unfortunately cancelled due to COVID lockdown and hopefully we will be back at the hall on Thursday 9<sup>th</sup> September 2021 at 4pm. All welcome.

Remember everyone please stay safe and well and warm.

## NSW RURAL FIRE SERVICE

### Windellama Rural Fire Brigade

Windellama Rural Fire Brigade remains open during the COVID19 pandemic as we are an essential emergency service for our community. In an **emergency call Triple Zero (000)**

#### Get Ready Weekend 11–12 September ONLINE

Are you ready to take the first step in being better prepared for bush fires?

Get Ready Weekend provides an opportunity and a reminder for you to engage with our local brigade, find out about the bush fire risk in our area and to plan and prepare for the coming bush fire season. To ensure we are COVID safe, Windellama Brigade is offering an online Get Ready Weekend. Participate by following our Facebook page [facebook.com/WindellamaFire](https://facebook.com/WindellamaFire)

Additional Get Ready Weekend material is on the NSW RFS website. [rfs.nsw.gov.au](https://rfs.nsw.gov.au)

For those not online you can call the Bush Fire Information Line - 1800 NSW RFS (1800 679 737) for advice on protecting your property and other fire related safety information.

#### Get Ready now

It takes 5 minutes to improve or make a plan that will give your property, your family and yourself the best chance of survival should you be threatened by a bush fire.

Take the first step in preparing for bush fire, visit [myfireplan.com.au](https://myfireplan.com.au)

#### Bushfire Danger period

It is expected that the Bush Fire Danger Period will commence 1 October 2021. If you are planning to light a fire in the open during this time, you will need a Fire Permit. A permit is not automatic and in many cases one will not be issued. Factors such as your preparation, the topography for the burn, availability of fire suppression equipment, the expected weather and the urgency to burn rather than to wait until the Bush Fire Danger Period is over. To apply for a permit contact our local NSW RFS Fire Control Centre on 6226 3100.

# Windellama Garden Club Incorporated News

## **July Rainfall**

At our place we received an additional 16mm of moisture making rainfall for July 32.5mm.

## **August Rainfall**

Up to the 18<sup>th</sup> of this month we have received 15mm of moisture in the rain gauge. This moisture has been made up the same as July of some rain, heavy dews and frosts.

We had a few big crunch, crunch on the grass frosts on the 13,14, 15 and 17<sup>th</sup> of this month at our place. I also know of another property where pump seals split due to these frosts and these seals were fairly new.

I'm seriously thinking about changing the name of the Autumn winds to the July winds!

## **Weeds**

Flat weeds are poking their shoots up, so now is the time to spray them. It will not be long also, where Barley grass will appear.

## **Fruit Trees**

All of our fruit trees have been sprayed twice with an anti-fungal spray and soon they will receive a third spray. Both sprays have been of a different kind as will the third.

The citrus trees on the Northern end of the row have had the tops singed/damaged by that menace Jack. Don't be in a hurry to prune the damaged foliage but wait to after the Melbourne Cup to do so.

I haven't pruned the grape vines yet but will do so before new shoots appear..

I'm currently applying a band of Duct tape around all stone and pome fruit trees to allow me to apply a sticky gel too. When I apply the Duct tape I apply the non-sticky side to the trunk first and then twist the tape and give a wrap of sticky side over what I have applied.

I hope that after the sticky gel is applied it will help control the Codlin moth life cycle, Fruit Fly cycle and the flow of ants up and down the tree – hope? Can only try!

## **Vegetable Garden**

Now is the time to add some nourishment to your garden but first do a Ph test to determine what is needed. If Ph is low, add some lime or dolomite and be patient for 3 weeks or more and then add some blood and bone. As always, follow recommended applications.

## **Flower Gardens**

I usually prune the roses at our place by the end of August but I might wait to most frosts are finished. One year I did not prune to the end of September and the flower display was as good as ever.

After pruning, spray with a fungal spray recommended for roses. As always, adhere to the spray instructions and also protect yourself.

The Daffodils are just starting to poke their heads up with an occasional flower here and there.

## **Bird Life**

If you have not been making friends with your residential Magpies, it might be time to start because they are starting to construct their nest. The only difference with the Magpies this year is that the aerial combat has been almost non-existing.

The old hen has once again nested in the same Pine Tree as last year. Normally, up to last year she nested in the Gum trees on our place. So last year the omen was pretty good with strong winds and lots of rainfall. The question is – will again she be right with the weather? Time will tell.

**Next Meeting** Not sure with this Covid menace.

## Windellama SES First Aid & CFR

The SES has put all face to face training on hold until this lockdown is over. On line training is now the normal thing.

Ambulance training which is essential is still going ahead. We now have to follow strict protocol whilst attending to patients whilst the State lockdown continues. We now have to wear blue cover gowns, masks, face shields or full eye protection, goggles and of course, gloves whilst attending to CFR callouts.

Please wear your masks at all times, covering both mouth and nose, some people I have observed are negligent in the correct wearing procedure, some not wearing one at all. SHAME!!

The Team members have had to deal with some rather unpleasant incidents over recent weeks.

SES side of activities have been very quiet, thank goodness.

Incidentally, some people may not be aware of the generosity shown by the Windellama Progress Ass. to the visiting Sydney SES members who for the past few years, have come to our area to be trained as crosscut and tree felling chain saw operators. The Hall and surrounds have been used as the camping and cooking area during their time here. Who knows when happenings like this will be permissible again?

The Salvation Army did catering for the members. They have a mobile facility for meal preparation.

We are, of course, still seeking new members, fortunately we have a couple of new ones, don't make them be the only ones.

Please stay safe.

Kevin Muffet

Deputy Unit Commander

Windellama SES/CFR

Just like the state we're in and the country we live in, Windellama Landcare is in lockdown. We hope all you Windellama people are staying well and safe and enjoying the beginnings of Spring in your garden and on your property – whether it be a flower pot on your window sill or a stand of acacias and eucalypts out of your window.

We look forward to catching up after the lockdown. In the meantime, chins up, keep safe and enjoy Spring.

PREVIOUSLY TRADING AS SUN POWER

LICENSED ELECTRICAL CONTRACTORS (241654C)

Keep preparing your gardens for all your spring and summer planting, add old compost, old animal manure, lime and some blood and bone.

## VEGETABLES SEED

Carrots, parsnips, Silver beet, onions, cabbage( when seeds sprouts watch for cabbage moth, cover if possible.)

Radish, Khlrabi sow the seed directly into the garden in average garden soil, with some complete fertilizer added.

Beetroot; is easy to grow from seed sown direct into the garden or seedling. In our climate sow beetroot from September to February. Grown out of season , they are likely to run to seed.

Peas, are not hard to grow, they don't mind heavy or light soil, providing the soils friable and well drained. Before planting dig into the soil some garden lime.

Potatoes; In our climate, planting is from September to December as soon as the worst of the frosts are over .They like light or heavy soils but need good drainage. The tubers (or seed potatoes) are planted 15cm. deep and 75cm apart. Apply a general fertilizer at the rate of a good handful below the tubers per running metre. I find planting potatoes, improve the fertility of the soil, also breaks up hard soils.

## FLOWERS

Plant seedlings of violas, verbena, dianthus, carnations, stock, wallflower, dwarf sweet Williams, nemesia, polyanthus, and for early display petunias and phlox.

The bulbs of gladioli can now be planted. Give them plenty of sun and good drainage. If soil heavy, plant 12cm deep or if light and sandy 20cm. deep. In sandy and windy areas they may need stacking. A light dressing of complete fertilizer when planting will ensure large healthy flowers. If the bulbs are showing signs of scab, dip them in a solution of Benlate.

You can plant lawn seed now, make sure all the weeds are removed first, and the ground is raked and top dressed with garden lime or gypsum and cultivate to a depth of 8-10cm. Do this if possible 4 to 2 weeks prior to sowing the lawn, this helps eliminate weeds. Just before sowing cover the areas with good sandy loam to a depth of 8-10cm if necessary.

Pinch off aphids, check broad beans plants for aphids, clustering on the new growth. The easiest way to remove the pests is to pinch off and bin any aphids-infested growth tips. Pinching back has the added advantage of causing the plants to develop new side shoots, which means more flowers and beans. Don't forget to feed the beans with worm tea to help keep them growing nice

Framework

Preschools NSW  
Education for Life

Our August meeting was lucky enough to avoid the state-wide lockdown, allowing us to enjoy Owen and Anne's bush property and gardens. There was only a few days in it, particularly given the restrictions that came into force after 5 August if anyone had visited the ACT. It was great to be able to meet as a group, although future face to face meetings may now be in jeopardy. Hopefully, as the vaccination numbers surge, some of the restrictions can be eased and upcoming meetings can continue.

*Outside the glasshouse. Photo by Robyn Briggs*

The weather was typical of August, windy with rain squalls, punctuated with the odd bit of sunshine to entice us out to wander around their gardens, only to be caught by another rain shower. Fortunately, the glasshouse that Owen built was on hand to provide some much needed shelter until the rain had passed.

*Admiring the protea. Photo by Robyn Briggs*

Owen and Anne's garden has a number of interesting specimens, including a magnificent protea, which was flowering extensively. There is also a large enclosed run for their cats, who can enjoy the outside environment, without the temptation to play with the local wildlife. Kitties were keeping warm and having a rest in their sheltered area when we visited, and clearly didn't see the need to come out and greet strangers. Who can blame them?

Owen and Anne's property was burnt out some years ago, but the natives have regenerated beautifully, along with a host of weeds, which need constant attention. There is a wet area close to their B&B which is particularly favoured by the weeds, but the natives also thrive there. No doubt some hidden spring lurks beneath the surface.

Having survived various droughts over the years, and lost a number of susceptible plantings, there are many water tanks now providing ample water to keep the gardens going during the next inevitable drought. Meanwhile, the wallabies are having a great time feasting on the current growth, and no doubt hoping the next drought is a long way off. Don't we all!

Whilst the weather at this time of the year is more conducive to sitting around the fireplace with maybe a glass of wine in hand than getting out in the garden, some of our more hardy souls have been doing just that. (Kym said he is doing both).

This is a good time of the year to be busy pruning fruit trees and roses, and spraying deciduous trees against fungal and bacterial attacks, which can do a lot of damage once the new growth

Enjoying a cuppa. Photo by robyn Briggs

emerges in spring. Rob and Robyn had quite a bit of trouble last year with Poplar rust and a fungal disease on their crab apples. Hopefully a late winter copper spray will fix the problem this year.

It is also a good time to clean out the old vegetable beds, spruce up sheds and generally prepare for spring. Spring is usually a very busy time in the garden, as there is new planting to do and plenty of pests and weeds to control as the weather warms up. With the continuing wet weather, we can all expect vigorous growth

this spring and summer, which means lots to keep us busy.

It's great to see the bulbs flowing in many of our gardens: daffodils and jonquils to name but a few. Some members with glasshouses have even started their tomatoes, whilst others are busy harvesting some bok choy, silverbeet and mandarins as well as commencing their spring planting.

Carolyn is keen to plant out more acacias, and John is looking forward to building another fence to protect the young plants. Margaret and Chris are also planning some fencing and gates for their orchard to keep the kangaroos and other inquisitive wildlife at bay.

So even though it is cold and a bit miserable outside, there is lots of activity, as spring is just around the corner and will have its own demands on our time and energy.

At least with the current lockdowns there is plenty of time to spend in the garden.

## Goulburn & Surrounding Areas

Shower Screens Frameless \* Semi-Framed \* Framed

Mirrors Bevelled \* Polished Splashbacks

Welcome readers to another edition of The Tarago and District Men's Shed news.

Anyone driving around the Tarago village would be witness to a fantastic collection of "Yarn Bombing" sites. Well done and a Koala stamp to all involved.

As a result of this effort, The Men's Shed have decided to do their contribution to this project by doing some bombing of their own. The objects that have been chosen to be bombed include the waste train from Sydney (all 58 carriages and 2 engines) the Tarago Hall (fully covered inside and out) and finally the "morass", when it is dry, so keep your eyes peeled for these new additions to the landscape.

On to other matters, the Show Society have taken up the free offer of our spare BBQ. After the last committee meeting, six of the board members ventured to the Loaded Dog for lunch and Noel advised that due to the Covid lockdown that no date has been set for a BBQ in October. Ken has been productive using the sandblaster and sharpening lots of tools. The large air compressor was moved into the shipping container and now with the effort of Doug and Robert and others, the airlines have been installed. These service the sandblaster, plasma cutter and other areas of the shed. The electrical power cords have also been rearranged and tidied up for safety reasons.

Some of the photos on the walls have been rearranged to make them easier to see. Doug has also been working on repairing antique chair and Denzil was seen using the wood lathe to turn up a project. Robert has been working on a lectern for community use as well as sorting out the Stolz fitting on the water tank so its accessible for the fire truck (when shipping container is moved).

As I am writing this, we are all in lockdown, so from every one at The Men's Shed to everyone in the Tarago community, stay safe and well.

Peter Styles.
